B.S.¹ (Math or SDS)/M.S. (Statistics) Catalog: 2020 Name: Student ID: CORE COURSES - UNDERGRADUATE (MATH MAJOR) MATH 122A & B or 125 MATH 223 MATH 323 **MATH 129** MATH 313 MATH 355 CORE COURSES - UNDERGRADUATE (SDS MAJOR) MATH 122A & B or 125 _____ MATH 223 DATA 363 MATH 129 MATH 313 DATA 375 **CORE COURSES – GRADUATE** STAT/ABE/BIOS 688² STAT/MATH 564 STAT/MATH 571A _____ STAT/MATH 571B STAT/MATH 566

Additional Coursework – Undergraduate

SUPPORTING PROGRAMMING COURSE: _____ CSC 110 or ISTA 130³

In addition to the undergraduate core courses listed above, Math majors are required to select and complete either the Applied or the Probability/Statistics emphasis for the B.A. degree. For either the Math major or the SDS major, the STAT/MATH 564 and STAT/MATH 566 graduate core courses will substitute for the MATH 464 and MATH 466 sequence. The courses listed below complete the selected emphasis/major. The Probability/Statistics emphasis is the most appropriate for students who intend to complete a Ph.D. in Statistics; students who do not plan to pursue graduate studies in Statistics beyond the accelerated M.S. degree may select the Applied emphasis of the Math major OR the SDS major.

B.S. students are still required to complete 6 units of application course work, and must also complete a minor outside the Math Department. Students must earn a minimum of 108 total units of undergraduate credit (30 upper-division undergraduate units); 12 units of graduate credit taken during the Senior year will supplement to reach the 120 total units and 42 upper-division units required for the B.S.

Applied emphasis	Probability/Statistics emphasis	SDS Major
MATH 422	MATH 425A	DATA 467
MATH 485	MATH 413	DATA 498A
MATH 413	MATH 425B or 468	DATA elective

ADDITIONAL COURSEWORK - GRADUATE

For the M.S. degree, students must complete at least 30 units of graduate-level coursework (graded C or better), including: 15 units of core courses listed above, at least 12 units selected from the list of approved elective courses, and at least 3 units of advanced statistical coursework OR completion of an MS thesis.

Consult the Statistics GIDP website for a current list of available courses: https://stat.arizona.edu/coursework-degree-ms

¹See the official undergraduate BS requirements for detailed information regarding Gen Eds, Foundations, Lab Science, Application Courses, and Minor requirements.

²A maximum of 3 units of Statistical Consulting (STAT/ABE/BIOS 688) may be applied towards the Core M.S. course requirements.

³ See the complete math major requirements for alternative programming courses. The SDS major requires a Python course.

⁴At least six units of course work applying calculus or higher-level math/stats to a non-mathematical/statistical field must be completed for the B.S. For a list of approved application courses, see the major-specific B.S. requirements in the catalog.
