General Description:

Linear equations in linear algebra (4 weeks).
Properties Matrices (3 weeks).
Vector spaces (3 weeks).
Eigenvalues and eigenvectors (2 weeks).
Inner product, length, orthogonality (2 weeks).

Attendance: Students are expected to attend every scheduled class. You will be administratively dropped if you miss more than four class meetings.

- The UA’s policy regarding absences for any sincerely held religious belief, observance or practice will be accommodated where reasonable. See: http://policy.arizona.edu/human-resources/religious-accommodation-policy.

Classroom Behavior Policy: To foster a positive learning environment, students and instructors have a shared responsibility. We want a safe, welcoming, and inclusive environment where all of us feel comfortable with each other and where we can challenge ourselves to succeed. To that end, our focus is on the tasks at hand and not on extraneous activities (e.g., texting, chatting, reading a newspaper, making phone calls, web surfing, etc.).

Grading Policy:(Subject to change) The final grade will consist of homework, oral and written quizzes, 2 in-class exams, and the final exam.
