Instructor: Dr. Theodore Laetsch
Office: Math Room 205
Phone: (520) 621-6860
Email: laetsch@math.arizona.edu
Class Webpage: http://math.arizona.edu/~laetsch/129114/
Course Webpage: http://math.arizona.edu/~calc

Attendance: Students are expected to attend every scheduled class and to be familiar with the University Class Attendance policy as it appears in the General Catalog. It is the student’s responsibility to keep informed of any announcements, syllabus adjustments or policy changes made during scheduled classes. Students are expected to behave in accordance with the Student Code of Conduct and the Code of Academic Integrity. The guiding principle of academic integrity is that a student's submitted work must be the student's own. University policies can be found at http://deanofstudents.arizona.edu/policiesandcodes.

Homework/Quizzes: Homework will be assigned to be submitted in two formats throughout the semester.

- A computer grading program called WebAssign will be used for problems assigned from the text (see below for more information); these problems will be done online.
- Homework whose solutions are to be handwritten (or typed), showing all work with proper notation, will also be assigned to be turned at the beginning of class. These written problems will come from the text and/or from a set of problems created by your instructor.

In-class quizzes may also be given. Some quizzes may be “no calculators allowed”. There are no make-up quizzes. Some quiz scores will be dropped.

A final homework/quiz score based on 100 possible points will be assigned (50 points from the computer graded WebAssign assignments and 50 points from the written homework and quizzes).

In-Class Exams: Four in-class exams are tentatively scheduled for Wednesday, September 14; Wednesday, October 12; Friday, November 4; and Friday, December 2. Each exam will be worth 75 points. All electronic devices, particularly cell phones, must be turned off during all exams. Silence and vibration modes are not allowed.

Missed Exam Policy: In general, there will be no make-up exams in the course. However, in complex and unusual circumstances are beyond control, a make-up exam may be given on a case-by-case basis. This will require providing a detailed account of the situation and any supporting documents. Approval in these cases is at the sole discretion of the instructor and/or the dean of students.

Final Exam: The final exam is a comprehensive common department exam. It is scheduled for Monday, Dec 12 from 8:00-10:00 am. Information and a study guide can be found at http://math.arizona.edu/~calc. The University’s Exam regulations will be strictly followed (see http://www.registrar.arizona.edu/schedule111/exams/examrules.htm).

Calculators: A graphing calculator is an important tool that will be used in this course. Students are expected to have a working calculator for each exam. No calculator swapping is permitted during
Several calculator programs will be helpful for this course (Allsums and SlopeFields) The programs can be found at http://math.arizona.edu/~krawczyk/calcul.html.

**Grades:** The total number of points available on tests and homework is 600. Grades will be no lower than those set forth in the following table

<table>
<thead>
<tr>
<th>Points Range</th>
<th>Grade Range</th>
<th>Letter</th>
</tr>
</thead>
<tbody>
<tr>
<td>540 ≤ points ≤ 600</td>
<td>90% to 100%</td>
<td>A</td>
</tr>
<tr>
<td>480 ≤ points &lt; 540</td>
<td>80% to 90%</td>
<td>B</td>
</tr>
<tr>
<td>420 ≤ points &lt; 480</td>
<td>70% to 80%</td>
<td>C</td>
</tr>
<tr>
<td>360 ≤ points &lt; 420</td>
<td>60% to 70%</td>
<td>D</td>
</tr>
<tr>
<td>0 ≤ points &lt; 360</td>
<td>0% to 60%</td>
<td>E</td>
</tr>
</tbody>
</table>

A grade of C or better in Math 129 is a necessary prerequisite for Math 215 (Linear Algebra), Math 223 (Vector Calculus), or Math 254 (Differential Equations). Students who receive a D in Math 129 will receive credit for the course towards graduation requirements, but will not be automatically qualified to register for Math 215, 223 or 254.

**Students with disabilities:**
If you anticipate issues related to the format or requirements of this course, please meet with your instructor to discuss ways to ensure your full participation in the course. If you determine that formal, disability-related accommodations are necessary, it is very important that you be registered with Disability Resources (621-3268; drc.arizona.edu). You should notify your instructor of your eligibility for reasonable accommodations by Friday, September 2. You and your instructor can then plan how best to coordinate your accommodations.

**Students withdrawing from the course:**
You may withdraw from the course with a deletion from your enrollment record through September 18 using UAccess. You may withdraw with a grade of "W" or change to Audit through October 14 using a change of schedule form with your instructor’s signature. The University allows withdrawals after October 14, but only with the Dean’s signature. Late withdrawals will be dealt with on a case by case basis, and requests for late withdrawal with a W without a valid reason may or may not be honored.

**Incompletes:**
The grade of I will be awarded only if all of the following conditions are met:
1. The student has completed all but a small portion of the required work.
2. The student has scored at least 50% on the work completed.
3. The student has a valid reason for not completing the course on time.
4. The student agrees to make up the material in a short period of time.
5. The student asks for the incomplete before grades are due, 48 hours after the final exam.

**Instructions for WebAssign:** To create an account for our class, go to http://webassign.net, click on the Log In button, then the *I Have a Class Key* button. The class key is: Section 11: arizona 8996 9630. You must do this even if you have used WebAssign in the past or are using it for another course this semester. There is a 14-day grace period (from the first day of classes) before you must purchase/ submit your access code for our class. Each time you log-in, you will see a reminder.
