Please read the following instructions before looking at the Exam. If you agree to abide by, and do abide by, the instructions, sign as indicated and submit with your exam. If you do not agree to abide by, or do not abide by, these instructions, do not turn in this exam. Exams without a signature on this statement will not be graded and will be given a score of 0. Any violations of this agreement will be dealt with according to the University’s Code of Academic Integrity.

After beginning to read this exam (on paper and/or on the internet), I have worked on this exam and solved these problems with help from no source, animate or inanimate, other than

• my textbook for Math 323, Spring 2021;
• material on the class website for this section of Math 323, Spring 2021;
• my notes and homework from this section of Math 323, Spring 2021;
• if necessary, the instructor of this section of Math 323, Spring 2021;
• occasional liquid or chocolate refreshments and stimulants.

All work submitted is mine and mine alone, expect for assistance as described just above.

I have read and followed the instructions above.
